

BILLING CODE 4163-19 P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

**Advisory Board on Radiation and Worker Health (ABRWH or the
Advisory Board), National Institute for Occupational Safety and
Health (NIOSH)**

AGENCY: Centers for Disease Control and Prevention (CDC),
Department of Health and Human Services (HHS).

ACTION: Notice of meeting.

SUMMARY: In accordance with section 10(a)(2) of the Federal Advisory Committee Act, the Centers for Disease Control and Prevention (CDC), announces the following meeting of the Advisory Board on Radiation and Worker Health (ABRWH). This meeting is open to the public, limited only by the space available. The meeting space accommodates approximately 150 people. The public is welcome to submit written comments in advance of the meeting, to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting. The public is also welcome to listen to the meeting by joining the teleconference at the USA toll-free, dial-in number at 1-866-659-0537; the pass code is 9933701. The conference line has 150 ports for callers. The

Web conference by which the public can view presentations as they are presented is <https://webconf.cdc.gov/zab6/yzdq02pl?sl=1>

DATES: The meeting will be held on December 13 from 8:15 to 6:00 p.m. Mountain Time and December 14, 2017, 8:15 a.m. to 11:00 a.m. Mountain Time. A public comment session will begin on December 13 at 6:00 p.m. Mountain Time and conclude at 7:00 p.m. or following the final call for public comment, whichever comes first.

ADDRESSES: Doubletree by Hilton Albuquerque, 201 Marquette Avenue Northwest, Albuquerque, New Mexico 87102; Phone: (505)-247-7057, Fax: (505)-247-7017. Audio conference call via FTS Conferencing. The USA toll-free dial-in number is 1-866-659-0537; the pass code is 9933701. Web conference by Skype: meeting CONNECTION: <https://webconf.cdc.gov/zab6/yzdq02pl?sl=1>

FOR FURTHER INFORMATION CONTACT: Theodore Katz, MPA, Designated Federal Officer, NIOSH, CDC, 1600 Clifton Road, Mailstop E-20, Atlanta, Georgia 30333, Telephone (513)533-6800, Toll Free 1(800)CDC-INFO, E-mail ocas@cdc.gov.

SUPPLEMENTARY INFORMATION:

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory

Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC). In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on March 22, 2016 pursuant to Executive Order 13708, and will expire on September 30, 2019.

Purpose: This Advisory Board is charged with a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not

feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters to be Considered: The agenda will include discussions on: NIOSH Program Update; Department of Labor Program Update; Department of Energy Program Update; SEC Petitions Update; dose reconstruction review methods; review of methods for estimating co-worker radiation doses; possible discussions of Site Profile reviews for Weldon Spring Plant (Weldon Spring, Missouri) and Pacific Proving Grounds (Marshall Islands); the SEC petition for Savannah River Site (1973-2007; Aiken, South Carolina), and possibly one or more of the following SEC petitions: Idaho National Laboratory (1963-1970; Scoville, Idaho), Area IV of Santa Susanna Field Laboratory (1991-1993; Ventura County, California), Ames Laboratory (1971 - undetermined ending date; Ames, Iowa); and Board Work Sessions. Agenda items are subject to change as priorities dictate.

The Director, Management Analysis and Services Office, has been delegated the authority to sign Federal Register notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Claudette Grant,

Acting Director,

Management Analysis and Services Office,

Centers for Disease Control and Prevention.
